

HAICO GLOBAL

Powering your operations, partnering your success

HAICO GLOBAL LLC.

WHO WE ARE ?

OUR MISSION

To provide world-class oilfield products, equipment, and services with integrity, precision, and reliability - empowering our clients to operate efficiently, safely, and profitably in even the most demanding environments.

OUR VISION

To be the most trusted global partner in oilfield services - delivering innovative solutions that power the energy industry and drive sustainable progress worldwide.

OUR STRATEGY

We will build partnership with key customers and suppliers, both in the business-to-business and business-to-customer area.

We will continue to invest in marketing world class innovation and leverage our strong intellectual property position.

We will strengthen our leadership Competencies.

We will drive productivity through business transformation and operational excellence

OUR VALUES

Customers Satisfaction, Deliver on Commitments, Develop People, Demonstrate Integrity & Teamwork,
We create new possibilities

INTRODUCTION

HAICO Global LLC is a LLC owned Company with its registered offices in Ajman free zone, UAE

The owners of HAICO are seasoned professionals in the Oil, Gas and Chemical Industry and between them have over 25 + years of experience in providing quality products and services in the market.

HAICO has been established an enviable record of success and achievement in the highly competitive trading & professional Contractor personnel manpower supply business. The key to our success is an operating philosophy dedicated to providing our clients with high quality personnel that extends well beyond mere process of finding suitably qualified employees. Instead, we offer a highly individual and specialized service that is characterized by professionalism, accountability, and unremitting focus on results.

The Crucial foundation of any successful enterprise is the quality of its employees. HAICOGLOBAL LLC specializes in the following services from their offices in Jebel Ali, Dubai, UAE

- HAICO has a capability to Supply Complete Cryogenic Air Separation Plants, Oxygen Plants, Cryogenic Tanks, Cryogenic hoses, Vaporizers & Spares. HAICO is the sole distributor for cryogenic tanks which are manufactured in China.
- HAICO can provide the Equipment's like Cryogenics tanks, vaporizers, Test Cabins, Water Tanks, Cargo baskets, and others on rental basis which are mainly used in Oil, Gas & Petrochemical industry.
- HAICO has capability to deal in the sales & marketing of Engineering Equipment's comprising Mechanical, Electrical & Instrumentation products required in Oil, Gas, Petrochemical & Construction industry.

HAICO LLC. pride itself in providing quality products and services to the oil and gas industry throughout the Middle East region. The company has been growing dramatically since its inception and has been very successful in growing its asset fleet, its manpower force, its revenue size and its client base over the period.

SERVICES

Haico LLC, provide products and services to leading oilfield service companies, EPC contractors, National International Oil companies, Equipment Rental companies and general industry throughout the Middle east and North Africa, For Quick & Trustable services, We always ready to work on your Requirements

Following are our main services:

Haico LTD, Can Provide the following Equipment's on rental basis which are mainly used in Oil, Gas & petrochemical industry

10 feet Cryogenic Nitrogen Tank:

- Tank Type – 10ft UN T75
- Working Pressure – 9 Bar
- Capacity – 2000 USG (7610Ltrs)
- Tare Weight – 5,500 Kg
- Max Payload – 10,500 Kg

20 feet Cryogenic Nitrogen Tank:

- Tank Type – 20ft UN T75/22T7
- Working Pressure – 21 Bar
- Capacity – 4890 USG (18,480Ltrs)
- Tare Weight – 11,600 Kg
- Max Payload – 18,880Kg

SERVICES

180K N2 Pump:

- Equipment– Diesel Driven, Nitrogen Pump
- Max Working Pressure– 10,000 PSI / 690 Bar
- Max Flow rate– 180,000 SCFH / 4700 Nm³ /hr. of Nitrogen
- Tare Weight– 3,500 Kg
- Payload– 9,500 Kg

1500 Nm³/Hr Vaporizer:

- Fluid to be Used – LIN/LOX/LAR
- Tare Weight of Vaporizer – 1000 kg
- Weight of Frame – 1930 Kg
- No of Tubes per Unit – 120 Nos
- No of Fins per Tube – 8 Nos

HAICO LLC can provide the Vaporizer (Flow range from 1100 Nm³/hr. till 3000 Nm³/hr.)

SERVICES

Ultra Probe 2000:

- Precision edge wise meter
- **Frequency Selection** – 20kHz -100 kHz
- 3-way Meter/auxiliary mode Selector
- Numerically Calibrated 10 turn Sensitivity dial
- Rechargeable battery with low level indicator light
- Anodized aluminum Housing
- Transonic Scanning Module
- Stethoscope/contact module

HD1 Leak Detector:

- The highest quality product delivering precision, stability, and accurate leak measurements down to minute levels with absolute confidence.
- Low power operating consumption
- Helium correction factor from 0.2% to 100% helium concentration.
- **Weight** – 4.2kg
- **Dimension (mm)**- 250L x 180W x 100D times

64 Cylinder Quad:

- **Specification** – 64 Cylinder Quad (64x47 liters Cylinders- 830 m³, Nitrogen fill Capacity @ 300 Bar
- **Tare Weight** – 5463 kg
- **Dimensions** – 1.8 x 2.1 x 2.1m (high)

HAICO LLC can arrange 16 to 64 Cylinder Quad

SERVICES

Chemical ISO Tanks:

- **Type:** 20ft ISO Tanks
- **Capacity:** 25000 Liter +/-
- **Pressure:** Up to 4.0 Bar
- **Tare Weight:** 3740Kg
- **Pay Load:** 32,260 Kg

Hot Oil Flushing unit:

- **Max flow rate:** 500LPM (2x250 LPM Vane Pumps / 18.5KW Electric Motor)
- **Max Working Pressure:** 30 Bar
- **Power Supply:** 415V, 3 Phase (50HZ / 60HZ)
- **Operating Fuel:** Mineral Base Oil (ISO 32-68)
- **Reservoir Capacity:** 1100 Litres (Usable Volume)
- **Tare Weight:** 2200Kg
- **Dimensions:** 1800 x 1800 x2000 (mm)

Break Tank:

- **Type:** Open Type Container
- **Material of Construction:** Mild Steel
- **Net Weight:** 7000Kg
- **Gross Weight:** 7000Kg
- **Dimension:** 6030x2420x2760 (mm)

SERVICES

Filtration Unit

- **Pump:** Gear Pump
- **Max Pressure:** 10 Bar
- **Capacity:** 150LPM
- **Motor Capacity:** 5.5 KW

Steam Boiler

- Pressure Up to 10barg
- Capacity up to 5 tons

Desiccant Air Dryer

- Capacity Range 1000 CFM to 2500 CFM
- Pressure 11 to 24 Bar
- With Pneumatic Controls

SERVICES

**HAICO LTD, has capability to deal in the sales & Marketing of Engineering Equipment's
Comprising Mechanical, Electrical & Instrumentation products required in Oil, Gas,
Petrochemical & Construction Industry.**

Cryogenic Hoses & Rubber Hoses:

NIT 150 Fittings Used For Nitrogen Services:

SERVICES

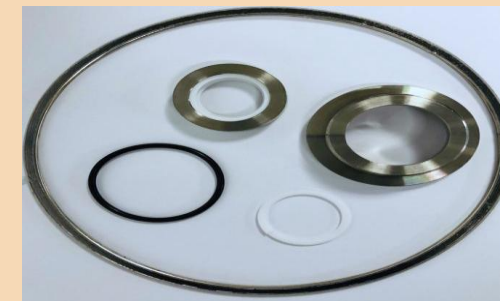

NIT / CGA Fittings:

1 1/2" Cryogenic Valve (10DN, 25DN & 40DN Size):

Oxygen Free Teflon, Copper Seals & Boost Pump Seal Kit:

SERVICES

Hydraulic Hoses and Fittings:

Our range of hydraulic hoses conform to SAE, ISO, DIN, RMA and European Norms when required and Consists Of

- 1SN EN 853 1SN - SAE 100 R1AT Braided Hoses
- 2SN EN 853 2SN - SAE 100 R2AT Braided Hoses
- 4SP EN 856 4SP Multi Spiral Hoses
- 4SH EN 856 4SH Multi Spiral Hoses
- EN 856 R12- SAE 100 R12 Multi Spiral Hoses
- EN 856 R13 - SAE 100 R13 Multi Spiral Hoses
- EN 856 R15 - SAE 100 R15 Multi Spiral Hoses
- SAE 100 R3, R5, R5R and R6 Hoses
- Water Blasting Hoses
- Steam Cleaner Hoses

Hydraulic Hose Fittings Consists Of:

American Male Pipe - NPT / NPSM, British - BSPP / BSPT, JIC 37Deg Flare, SAE 45Deg Flare,
SAE Code 61 & 62 Flanges, ORFS, UN O-ring, Metric DIN 2353, Komatsu, Metric Gaz, Banjo BSP / Metric, archer, O-ring Spigot, Standpipe - Metric / Imperial, Autoclave

With hose inserts program suitable for both braided and multi-spiral hose.

Our Hydraulic Hoses & Fittings can be used for:

Mobile Plant, Remote Actuators, Manufacturing Plant, Drilling Hydraulics, Hydro-static Test Subsea Hydraulics, Control Valves, Marine Hydraulics, Jack-up Barges and Rigs and All Types of Hydraulic Systems

SERVICES

PVC Leak Detection Tapes

Snoop

Pressure Gauge

Manometer Digital Gauge

Pressure Test Gauge
